SUMMARY

Detail-oriented 4th-year IT student at FEU Institute of Technology, specializing in Web and Mobile Application Development. Skilled in full-stack development with hands-on experience building REST APIs, rule-based NLP systems, and cross-platform mobile applications using React Native and Expo. Currently leading backend and mobile development for DormEase, a capstone dormitory management system with NLP-based reporting deployed on AWS. Cisco and PMI certified, with a strong foundation in networking, Python, and project management principles.

FEU Institute of Technology | 2023 - Present

BS Information Technology with specialization in Web and Mobile Application

- Top Performing Students (2023-2024)

University of the East-Caloocan | 2022 -2023

Senior High School - STEM Strand

- Special Merit Award

FEU Manila | 2020-2021

Senior High School - STEM Strand

- With High Honors

ORGANIZATION

Junior Philippine Computer Society | 2023 - 2024 - *Member*

PROJECTS

DormEase – Web and Mobile Dormitory Management System **srbdormease.com**

Backend Developer & Lead Mobile Developer *(Capstone Project – FEU Institute of Technology)*

- Architected and developed the Laravel PHP REST API backend powering all system modules including tenant management, maintenance requests, water billing, emergency reporting, visitor registration, and document management.
- Led the development of the cross-platform mobile application using React Native and Expo, serving as the primary tenant-facing interface for all dormitory services

E-Commerce Platform - COCOIR **github.com/*9rzaaa/COCOIR***

Backend Developer

- Designed and developed the server-side architecture, REST APIs, and database for a full e-commerce system
- Handled product management, user authentication, and order processing logic

Airbnb-Style Booking Website - EASY&CO **github.com/*9rzaaa/CI4-BEAUTIFLY***

Full Stack Developer

- Built end-to-end a property booking platform covering UI design, backend logic, and database management
- Implemented booking flow, availability calendar, and user account features

CERTIFICATIONS

Cisco Certified Support Technician (CCST) - Networking **February 2025**
Cisco
